May Business Meeting:
May 11, 2022

President's Message

I would like to welcome all new retirees to the College Retirees' Association and welcome back all our returning members.

Our holiday luncheon in December, 2021 was a well attended event at the Croquet Club after not meeting for almost 2 years. Everyone enjoyed the change of venue, the food, and being outside. It was a fun time to renew old acquaintances, meet new retirees and share what we have been doing during the shutdown.

The following are a few items I would like to discuss with members at our May Business Meeting:

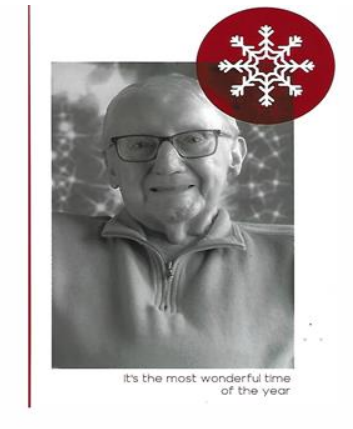
- Dues
- Officers
- Budget
- Meeting Space
- Meeting Frequency
- Fall Meeting
- Holiday Luncheon

Hope to see many of you at our meeting.

~~ Shirley Sullivan

Memory Lane

I was pleasantly surprised to receive a very nice Christmas card from our former EFA long term president, Bill Wilson.



We became the CRA under his leadership in 2011. Bill moved to Indiana in May 2019. His Christmas photo shows the move to the cold north didn't change him. His smile is just as warm as it always was! ~~ Nancy Buhl

Nancy's Notes

New College Liaison:

Our new go to person at the college for room reservations and set ups, college email requests, etc. is Mr. Vincent Price, Learning and Professional Development Coordinator. Mr. Price filled the position previously held by Ms. Adaly Maldonaldo who left the college several months ago after becoming a first-time mother. We wish both the best in their new endeavors.

College Email Addresses:

Our IT department liaison, Matt Schneider, spoke with me recently about the latest decision regarding our college email addresses. The most recently approved email design setup for us is: Firstname.Lastname@ret.pbsc.edu. There is no set date for the migration of our current email addresses over to this new version. We will be notified in advance of that decision, and it is still my understanding that we will have 30 days to notify our address book users of our new college addresses. It is also my understanding that we will have the option to receive or not receive the college's "all users" emails.

The IT department is still very busy with the process of converting all college applications from what we knew as Panther Net to their new system known as WorkDay. As you can imagine, our retiree email addresses are not a high priority for the proposed changes compared to all other college systems conversions.

Holiday Pictures

Hi Family and Friends: Emily surprised us with these fun-pa and fun-ma outfits at our funny gift night.
You can tell we were delighted with her clever and thoughtful gifts.
Hope you are having a fun Advent and will have a happy and healthy Christmas.
